Theme Programs

These are optional living-learning communities where students sharing a scholarly interest live together and participate in programs specially designed around the community theme.

The eight Theme Programs are:

- > African American (AATP)
- > Bloom: Asian American
- > Casa Magdalena Mora (CASA)
- > Global Environment (GETH)
- > Native American (NATP)
- > South Asian, Southwest Asian, and North African (SSWANA) pilot community

Each program is a partnership between Residential Life and an academic department, and includes an academic seminar. Theme Programs have a public service and community development focus and many are founded on concepts of identity exploration and equity.

Students can apply for Theme Programs in the housing application. There are no additional fees for Theme Program housing.
